- Reviewed & denied Excavation Intent—gravel not being removed from site
- Reviewed & approved Deputy Warden appointment
- Reviewed letter from Hastings Law Office—Chocorua View Estates
- Reviewed Statement of County Appropriations & Revenue as Voted
- Reviewed Letter from Northeast Resource Recovery Association
- Reviewed Letter from WMNF concerning Bridge funding

**Miscellaneous:**

Tara Taylor came before the Board to ask that she be appointed to the Planning Board. Bob was happy to hear that Tara would like to be involved with the Planning Board again and welcomed her. Dan and Bob have appointed Tara to the Planning Board. Bob said years ago, he suggested that the Planning Board and the Board of Selectmen work together, then a new Planning Board came about and issues had been mishandled. Jack Rose came on as Planning Board Chair. He came before the Board asking that the two Boards work together so issues are not mishandled. Tara said years ago, they all worked together and it made it easier. She also said that she would like to volunteer but is currently working out of town and won't be able to attend the April meeting. Tara noted that there wasn't a Planning Board Report in the Annual Town Report this year.

The AA will order a new computer from Computer Port for the Selectmen's office, as the current one is five years old. She will also inquire to Alpine Web Design as to upgrading the Town's current website. Alpine Web Design submitted a bid for the job.

At 5:40 p.m., Dan motioned to adjourn, Bob seconded and all were in favor.

Respectfully Submitted,

Kathleen Vizard  
Administrative Assistant
